PACIFIC WAVE

2020 SHINGLE COLOR OF THE YEAR

TruDefinition® Duration® Designer Colors Collection Shingles
2020 SHINGLE COLOR OF THE YEAR

PACIFIC WAVE

Bring new life to your home with a deep ocean blue wave of rich, transformative color. Pale blue mixed with dark and light gray granules adds a sea of dimension that can achieve a relaxed, coastal vibe or a strong, stately look. All TruDefinition® Duration® Designer Colors Collection shingles come with the advanced performance of patented SureNail® Technology, tough enough to weather the elements, year-round. Ride a wave of breathtaking color with a shingle designed to naturally complement any exterior.

PACIFIC WAVE
Excellent Adhesive Power
Outstanding Grip
Breakthrough Design
“No Guess” Wide Nailing Zone

The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond®** sealant for exceptional wind resistance of a 130-MPH wind warranty.*

Patented SureNail® Technology is the first and only reinforced nailing zone on the face of the shingle.

This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

Triple Layer Protection***
A unique “triple layer” of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.

Double the Common Bond
SureNail® features up to a 200% wider common bond area in the nailing zone over standard shingles.

It’s the nailing line on your shingles. The difference between a good shingle and a great shingle is having Patented SureNail® Technology, only from Owens Corning.

For more information and to watch our videos on SureNail® Technology, go to www.owenscorning.com/surenail.

Ride the Wave of Versatility — Stylishly Transform Any Home Exterior
It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System® gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof — and to enhance the comfort and enjoyment of those who live beneath it.

- Miami-Dade County Product Approval§
- PRI ER 1378E01

**Owens Corning® Hip & Ridge Shingles**

Owens Corning® Hip & Ridge shingles are uniquely color matched to the TruDefinition Duration Designer Colors Collection Shingles. The multiple color blends are only available from Owens Corning Roofing and offer a finished look for your roof.

---

* See actual warranty for complete details, limitations and requirements.
† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection.
Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

†† The amount of Triple Layer Protection® may vary on a shingle-to-shingle basis.

‡‡ The amount of Triple Layer Protection® may vary on a shingle-to-shingle basis.
